# **Board Action Request**

**SUBJECT: Purchase of BK Portable Radios**

**DATE: August 26, 2026**

**FROM: Ben Guerrero, Fire Chief**

---

## **Background / Purpose**

The District budgeted \$40,000 as its required 50% match for a grant application to purchase new portable radios. The District was not selected for the grant; however, the \$40,000 local match remains available within the approved budget.

The District's current portable radios are more than eight years old and are becoming increasingly difficult to maintain. Replacement parts are becoming scarce, and manufacturer support for the existing equipment is limited. Additionally, the District currently has no spare portable radios available. If a radio fails or requires extended repair, there is currently no replacement unit available to place into service. Rather than delay replacement until grant funding becomes available, staff recommends beginning a phased replacement of the District's portable radio inventory. The proposed purchase consists of nine (9) BK radios at a total cost of \$38,059.70. The purchase will be funded using the \$40,000 already budgeted as the District's match for the unsuccessful grant application.

The District will continue to pursue grant opportunities to complete the replacement of its radio inventory. Next year, the District intends to participate in a regional Assistance to Firefighters Grant (AFG) application for radios with digital capabilities. Purchasing these nine radios now will provide needed replacements and begin addressing the reliability concerns with the District's aging radio inventory while larger-scale grant funding is pursued.

## **Fiscal Impact:**

\$38,059.70 from existing budgeted funds. The District previously allocated \$40,000 for the local match of the radio grant; no additional funding is requested.

## **Staff Recommendation:**

Staff recommends approval of the purchase of nine (9) BK portable radios for a total amount not to exceed \$38,059.70, utilizing the funds previously budgeted for the District's radio grant match.

## **Suggested Motion:**

*Move to approve the purchase of nine (9) BK portable radios in an amount not to exceed \$38,059.70, utilizing funds previously budgeted for the District's radio grant match.*
