About Commercial Fitness Superstore

Founded in 2004 as a division of Fitness 4 Home Superstore, Inc. Arizona's top rated brick and mortar specialty fitness dealer, Commercial Fitness Superstore is a team of dedicated professionals, whose expertise is planning, supplying and servicing commercial fitness facilities.

Commercial Fitness Superstore is the right choice for outfitting any facility, big or small, from concept to completion. We provide full facility planning including room layouts, equipment recommendations, financing options, professional installation as well as after sale service and support. We get the job done right with our clients best interests in mind. You can focus on your business while we get your facility up and running.

Markets we serve include Multi-Housing (Apartments & HOA's), Hospitality (Hotels, Spas, and Resorts), Municipalities (Fire & Police Departments, City, County & State), Corporate, Medical & Physical Therapy, Senior Centers, Golf & Country Clubs, Universities, High Schools, Health Clubs, Rec Centers, Training Studios, Professional Sports, Military / Government, Casino's and Indian Reservations.

Let Commercial Fitness Superstore do the work so you can concentrate on your business!

When you put your trust in Commercial Fitness Superstore, be assured you're dealing with industry professionals.

From our experienced market specific consultants recommending the proper equipment and most efficient facility layout, to the installation and service crews who meticulously set it up and provide after sale support including service and preventative maintenance.

When it comes to knowing your needs and fulfilling them, Commercial Fitness Superstore has the trained, experienced professionals to get it right.

Why Commercial Fitness Superstore

Concept to Completion

- **Facility Evaluation**

Our professional staff will take your business through a comprehensive checklist that will uncover areas of need and opportunity, while keeping in mind your budget and the integrity of the initial goals.

- **Facility Planning & Design**

Facility planning and design is critical to creating a functional and comfortable environment for your clients. Commercial Fitness Superstore provides facility designs and concepts for all our clients. Customization includes development of a new space or renovations to an existing area. Layouts help you visualize the look and feel of your future facility.

- **Equipment Recommendation**

The right equipment is crucial for your facilities success. At Commercial Fitness Superstore, choose from the finest manufacturers in the world and be confident that our professionals will match the right equipment to fit your specific needs and budget.

- **Buying Power**

Our partnerships with key manufacturers give us the ability to buy fitness equipment at special pricing which we then pass on to our clients providing you with significant savings that can impact your profitability.

- **Trade-In & Equipment Buy Back**

Commercial Fitness Superstore offers flexible and fair Trade-In and Buy Back Programs to make it easier for you to upgrade your fitness equipment year after year.

- **Flexible Financing Options**

Commercial Fitness Superstore will design a "State-of-the-Art" fitness center to fit your budget. We offer flexible leasing and purchase programs that will allow you to get the equipment you need, with an easy to manage fixed budget. – Online Leasing Application

Why Commercial Fitness Superstore

Concept to Completion

• Delivery & Installation

Commercial Fitness Superstore uses only factory-trained and certified professionals who are committed to on-time delivery and assembly so that your equipment is perfect from day one.

• Service & Preventative Maintenance

Commercial Fitness Superstore utilizes the finest service professionals in the industry to take care of your investment. Manufacture certified to assure an absolute minimum down time should a service issue arises. Commercial Fitness Superstore will also customize a preventative maintenance program for your facility and offer free advice on the best way to keep your investment functioning smoothly for years to come.

• Product Training, Facility Events & Referral Programs

Commercial Fitness Superstore will provide onsite product training on request and will even help coordinate a facility event. Commercial Fitness Superstore offers special referral programs that provide your staff and clients special discounts at our retail stores.

What Our Clients Say

City of Mesa Fire has worked with Commercial Fitness Superstore to purchase many items through our government contract with them. We regularly receive quality products at a fair price. The biggest part of our satisfaction has been the absolute trust we have in them. Their knowledge and willingness to make recommendations that ensure we get the products that will work best for us without any pushy sales. CFS has gone out of their way to help local public safety members obtain equipment they need to recover from significant injuries. We have and will continue to recommend Commercial Fitness Superstore.

- Mesa Fire & Medical Wellness Captain

Commercial Fitness Superstore is an amazing place for exercise & wellness equipment. The company I work for, FAST, uses Commercial Fitness Superstore for our equipment purchases. We have always received the best customer support and the pricing is excellent! Commercial Fitness Superstore is dependable and extremely conscious of customers concerns and will take care of you!

- Foothills F.A.S.T

We had our 3rd great experience with Commercial Fitness Superstore and would highly recommend them to any facility looking to purchase commercial gym equipment! Honest and sincere service with great prices. Can't wait to use them again.

- Lofts on 6th LLC

ALPINE RUNNER INCLINE TRAINER

Climb to new heights with the TRUE Alpine Runner Incline Trainer, the ultimate in incline training. With an incline range of -3% to 30%, this range intensifies workouts like never before. Choose from a variety of programmed workouts, including TRUE's Monument Workouts. The Alpine Runner features a patented incline system engineered to reduce the load on the incline motor and reduce wear and tear.

Vertical Upper Handgrips provide support at highest incline
