

Board Action Request

SUBJECT: Purchase and replacement of firefighter ensembles (personal protective gear)

DATE: July 29, 2020

FROM: Ben Guerrero

Background: The Tubac Fire District is requesting approval to purchase three sets of personal protective equipment that meets NFPA 1971 standards. Tubac Fire hired three firefighters in October 2019 that have not been equipped with new and/or fitted gear. We will be using United Fire as a vendor as we have previously completed our three bid process and the gear meets our current specifications as well as *NFPA 1971: Standard on Protective Ensembles for Structural Fire Fighting and Proximity Fire Fighting*.

Fiscal Impact: This item is currently in the FY 20/21 CIP in the amount of \$12,000

Alternate Option: None

Staff Recommendation: Staff is recommending approval of the United Fire quote for \$7,084.03 this will get us the Mesa Fire Dept specification and the higher quality materials used in the ensembles.

Proposed Motion: Move to approve purchase of three (3) ensembles from United Fire at a not to exceed cost of \$7,500.
